5 2 1 0 FEATURE AUGUST

In this 5-2-1-0 Feature,
you will learn about:

- Flavored Water
- Strategy #2
- Melons

WHAT'S YOUR "FLAVOR"-ITE?

Infused water is so refreshing – especially in the summer! Create a water tasting station using fruit, veggies and herbs. Let the flavors sit for a few hours in the fridge before serving. Conduct a taste test and have students and staff vote on their "flavor"-ite infused waters.

FLAVOR COMBOS:
cucumber + honeydew
orange + lemon
strawberry + basil
raspberry + lime
frozen watermelon cubes
grapefruit + mint
blackberry + thyme

5-2-1-0 Strategies For Success

STRATEGY #2: Limit or eliminate sugary drinks. Provide water.

- Does your site/school has a vending machine policy limiting sugary drinks available to students and/or staff?
- Does your site/school provides access to fresh drinking water, in all spaces at no cost to students and staff at all times?

MUNCH ON MELONS!

Try them all: There are around 30 different types of melon, including watermelon, cantaloupe and honeydew. Melons are excellent sources of Vitamins A and C.

Lillien DeLashmutt & Kenna Houser ~ Library Assistants.

Library Hours have changed slightly.
Monday & Wednesday, 9:30am - 6:30pm
Tuesday, Thursday & Friday, 9:30am - 5:30pm
Saturday 9am - 1pm

The library received a very lovely painting in honor of Marlene Kruse Jones "raised loving your library" from her granddaughter Jeri Friedrichs. The painting is of a colorful birds nest - a reminder of leaving yarn and thread scraps on their porch for birds to gather and use in their nests.

Congratulations to

Trenton Wright, Jack Sargent and Bennett Albertson
and their families for finishing
"Passport to Kindergarten."
